

# PKU EASY Shake & Go

A novel lightly-sparkling, orange flavoured drink

## What is PKU EASY Shake & Go?<sup>1</sup>

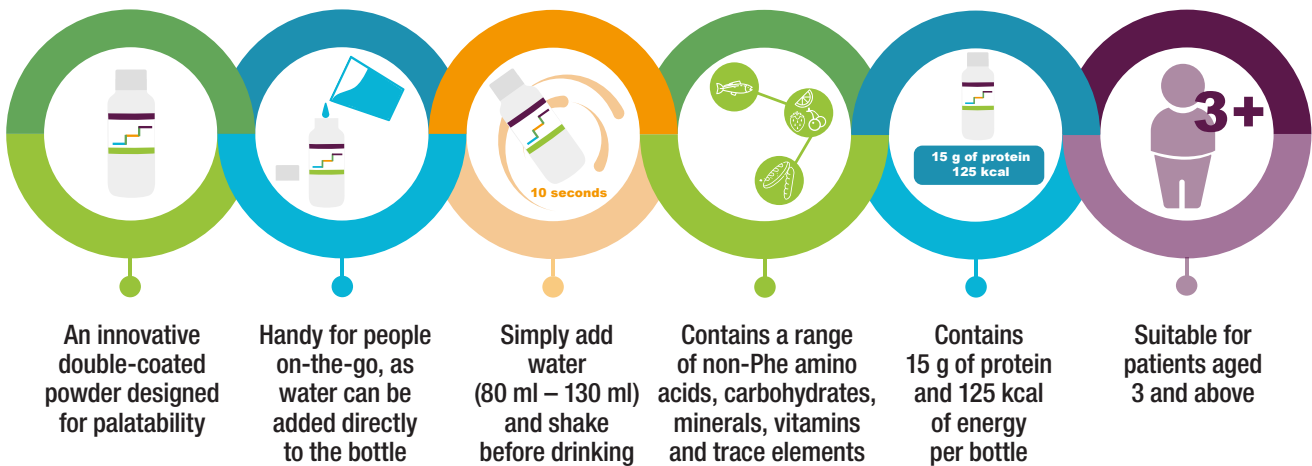

PKU EASY Shake & Go is a protein substitute powder. Its innovative, double-coated technology is designed to deliver a mild taste and minimal smell.

PKU EASY Shake & Go does not contain the amino acid phenylalanine (Phe), and can be used to support your low-Phe diet.

## Each bottle of PKU EASY Shake & Go contains:

- a range of amino acids, carbohydrates, minerals, vitamins and trace elements
- 15 g of protein
- 125 kcal of energy

PKU EASY Shake & Go is available in a lightly-sparkling fresh-orange flavour

## How do you take PKU EASY Shake & Go?<sup>1</sup>

Simply add cold water (80 ml – 130 ml) to the PKU EASY Shake & Go bottle...

...and shake for 10 seconds before drinking.

It's recommended that you take PKU EASY Shake & Go immediately after mixing however you can refrigerate it instead if needed. The refrigerated product must be used within 5 hours.

## How do I store PKU EASY Shake & Go?<sup>1</sup>

PKU EASY Shake & Go is available in a pack of 30 bottles. Each bottle contains 34 g of powder.

It is recommended to store PKU EASY Shake & Go in a cool, dry place.

**We hope you enjoy PKU EASY Shake & Go**
